

What is the Bible? (Grades 3-5)

The Bible is an amazing, wonderful and powerful book that has been read by millions of people all over the world. However, when you first start to read the Bible, it may be very confusing. Why do some sections tell stories while others seem to be poetry? What is the difference between the Old Testament and the New Testament? It is our hope that this lesson will help you gain a better understanding of the Bible and encourage you to read it every day. Let's get started!

Directions: please fill in the blanks as you watch the video presentation.

1. The Bible is a c_____ of ____ books
2. There are ____ books in the Old Testament
3. There are ____ books in the New Testament
4. The Old Testament books were written _____ Jesus was born
5. The New Testament books were written _____ Jesus was born
6. There are four basic types of books in the Bible. The first type is
H_____ N_____.

These books tell us about real events that happened a long time ago. Some examples include:

G_____ Exodus

J_____ Acts

M_____

7. The second type of book in the Bible is P_____.

These books often use creative imagery (word pictures) to express ideas. The book of P_____ includes a collection of songs that people used to (and some still do) sing about God.

8. The third type of book in the Bible is P_____.

These books often contain warnings from God to Israel, Judah and other nations to stop sinning and predictions about the future. A lot of them contain prophecies about Jesus. Some of these predictions have already come true while others will be fulfilled when Jesus Christ returns. Some examples of this type of book include:

M_____

Isaiah

Zechariah

R_____

9. The fourth and final type of book in the Bible is L_____.

These books were written by the Apostles to encourage Christians and answer questions about Jesus, God, and Christianity. The writers of these books were inspired by God (more on this later). These books are named after (1) the person the letter was written to, (2) the church the letter was written to, or (3) the person who wrote the letter. Some examples include:

10. Who wrote the Bible?

The Bible was written by _____ different people over _____ years on _____ continents yet only had one author. Can you guess who? If you said God, you're right! According to 2 Timothy 3:16, God told (inspired) the people who wrote the Bible what to say:

“All Scripture is God-breathed and is useful for teaching, rebuking, correcting and training in righteousness,” 2 Timothy 3:16

That is why we call the Bible “God’s Word”. How do we know that the Bible is really God’s Word? We will talk about that in our next lesson: “Can We Trust the Bible?”

Because the Bible is God’s Word, we can trust it to answer questions about where we came from, our purpose in life, right / wrong and our eternal destination.

11. Some tips for studying the Bible:
